HOUSE AND SENATE

Congress Celebrates George Washington's Birthday by Hard Work.

CLOSING DAYS OF THE SESSION.

Appropriation Bills and Conference Reports Barring the Way to Pet Measures in the House—Election Contests. Indian Bill Under Consideration in the Senate—Dr. Richard Ruiz's Death.

WASHINGTON, Feb. 22.—Congress adjourns sine die a week from Thursday and the rush and jostling which marks the closing days of a session began today. Washington's birthday is being celebrated by hard work. Members with pet measures, the passage of which have more or less bearing on their political fortunes, have begun their clamor for recognition, but they appear in vain as long as appropriation bills and conference reports are before the house for action, as these, by the rules, have the right of way. Besides the house managers are anxious to put through with the least possible delay the last two budgets so that the decks may be cleared for the final struggle with the senate over the latter's amendments to the money bills.

Speaker Reed and the house managers are using all their power and influence to keep down the appropriations to the lowest limit as they already promise to exceed those of the 51st congress and the increases which the senate makes will be fought to the bitter end. The influence of this purpose to keep down appropriations to the minimum was apparent when the naval committee after agreeing to recommend an appropriation for a new battleship and a training ship for the Annapolis cadets, upon consultation with the leaders rescinded its action and decided to report the bill without any recommendation for an increase of the new navy. The general deficiency bill, which has been under consideration for two days in the house, will probably be completed today. An effort is being made to strike out the appropriation of \$1,310,000 for the Southern Pacific, being the amount withheld by the government pending a determination of the liability of that road to the Union and Central roads.

Two contested election cases still remain undisposed of, as these are matters of the highest privilege, all else must give way if their consideration is insisted upon. But as both of them are unanimous reports (the committee's recommendation being in favor of the sitting members in the Watson-Black and Bennett-Boatner cases) they should not require much time for discussion.

In the Senate.

WASHINGTON, Feb. 22.—The senate began the week by listening to Senator Daniel read Washington's farewell address, but did not observe Washington's birthday to any greater extent.

It is expected that very little will be attempted beyond appropriation legislation during the week, and it appears probable that most of the time will be given up to the Indian bill now in progress of consideration and the bill providing for appropriations for the District of Columbia, which will next be taken up. There are many provisions in the unconsidered portion of the Indian bill which will arouse debate, and the district bill never gets through the senate without elaborate discussion of its many provisions.

By the time these bills are out of the way in the senate the postoffice and sundry civil bills will be reported. Consequently there is no probability of a lack of material in the way of appropriation bills to proceed with.

Senator Sherman has announced his purpose not to again bring up the arbitration treaty for debate so long as the appropriation bills are pressing for consideration, but if there should be a bill in this work he may renew his efforts to secure ratification. There is no probability, however, that this result can be accomplished. Senator Hoar is waiting anxiously to get up the bankruptcy bill. He believes the senate could be brought to pass the bill after a few hours' debate if it could be gotten up, but admits that for the present the appropriation bills will probably monopolize the attention of the senate.

DESPITE WARNINGS

Insurgent Camp Fails to Heed the Admirals and Is Bombarded.

BIG DEMONSTRATION AT ATHENS

Over Forty Thousand People Participate—Deputation Waits on the King Who Makes a Speech—Greek Gunboat Returns the Fire of a Turkish Frigate—Colonel Vassos Warned by the Powers.

CANEA ISLAND OF CRETE, Feb. 22.—Last night a fusillade, having continued since morning, despite the warnings of the foreign admirals, the united squadrons bombarded the insurgent camp outside of Canea.

Smart firing was heard in the hills to the eastward. The reply of the Turks was feeble, and it was obvious that they must abandon their positions if pressed. Their gun practice from the redoubt on the outer lines was ludicrous. The chief Cretan position was a hamlet on a ridge of hills, 4,000 yards from the flagship.

Signals were made to H. M. S. Dryad, H. M. S. Harrier and H. M. S. Revenge, together with one Italian, one German and one Russian ship to open fire on the Cretan position where the Greek flag was hoisted some days ago.

The British ships fired 40 and the foreign ships 30 shells at the village and the house held by the Cretans. The flag was soon lowered and the order cease fire sounded after 10 minutes. Thereupon the flag was rehoisted. The rocks around were crowded with Cretans. The Turks, encouraged by the fleets, now opened a lively fusillade while the Cretans were removing the wounded. The Cretans had not replied during the whole performance. It was a somewhat melancholy and degrading spectacle.

DEMOKRATIC IN ATHENS.

KING AND PEOPLE ARE READY FOR ANY SACRIFICE.

ATHENS, Feb. 22.—Over 40,000 persons participated in a demonstration yesterday on University square in favor of the union of Crete and Greece. The greatest enthusiasm prevailed. An address was adopted, declaring that the king and the people were ready for any sacrifice of blood and treasure to bring the present Cretan policy to a successful issue. The crowd then marched to the palace and a deputation presented the address to the king. Tremendous cheering followed. His majesty, King George, Crown Prince Constantine, Duke of Sparta and other members of the royal family occupied places on the balcony. The king addressed the crowd as follows:

"You are executing the true mandate of the Hellenic people. I thank you for this imposing display of your feelings. May God protect our beloved country and strengthen our common efforts. Long live the Hellenic nation."

The address of King George was followed by vociferous cheering.

The forts fired two rounds of blank cartridges late Saturday at the Greek gunboat Peneus. A Turkish frigate also discharged blank shots at the Greeks. The Greek gunboat Peneus quickly replied to the blank shot fired by the Turkish frigate. The frigate then withdrew from the scene of operations.

The German flag was hoisted on the ramparts here on the arrival of the cruiser Kaiserin Augusta.

None of the powers except Austria has accepted the proposal of Emperor William to blockade Piraeus.

The foreign admirals have warned Colonel Vassos, the commander of the Greek forces on the island of Crete, of their intention to attack his troops with four men-of-war anchored off his camp, Agioli Theodoroi, should he attempt to advance to the interior of the island.

Dr. Steinitz Dead.

LONDON, Feb. 22.—A dispatch to the Daily Mail from Paris says that Dr. Steinitz is dead at Moscow.

Hanna Has Nothing to Say.

CLEVELAND, O., Feb. 22.—Chairman Hanna was at the Union club last night when he was shown the dispatch from Columbus containing Governor Bushnell's announcement of Mr. Hanna's appointment as senator to succeed Mr. Sherman. When asked if he would discuss the governor's action the chairman declined to say anything, remarking that he could not talk about the matter for publication until he had received official notification of his appointment from Governor Bushnell.

SPANISH OUTRAGE.

Drunken Mate of the Schooner Jeannette Bayoneted and Robbed.

CARRABELLE, Fla., Feb. 22.—The schooner Jeannette, from Matanzas, Cuba, arrived with the second mate severely stabbed. While the schooner was in port the second mate went ashore and became intoxicated. While on the dock he was approached by four Spanish soldiers who demanded his money and everything of value. The mate refused to obey. The soldiers stabbed him with their bayonets and then, knocking him down, took from him all the money he had, his shoes, coat and everything of any value. The mate is seriously hurt. Several Spanish officers saw the assault, but on being appealed to walked off muttering: "El Americano; good enough; serves him right."

REFORMED PRESS CONVENTION.

MEMPHIS, Feb. 22.—Hundreds of delegates to the annual convention of the Reform Press association have arrived. The convention was called to order by General Paul Vandervoort, president of the association, at 10 o'clock this morning, and addresses of welcome and responses occupied the entire morning. General Vandervoort delivered his annual address this afternoon.

SECRETARY HERBERT RETURNS.

WASHINGTON, Feb. 22.—Secretary Herbert and party, who have been on a visit to Charleston witnessing the squadron manoeuvres, returned here yesterday.

RETURNED HOME AFTER MANY YEARS.

MIDDLERBORO, Ky., Feb. 22.—Joseph Murdock of Scott county, Va., who was supposed to have been murdered 25 years ago, and for which crime Bud Lindsay served 21 years in the Virginia penitentiary, has returned to his former home. Lindsay died recently.

MCKINLEY'S CABINET.

It is Believed the President-Elect Has Every Position Filled.

CANTON, O., Feb. 22.—It can almost be asserted as a positive fact this morning that President-elect McKinley has his official family completed. There is only one possibility of the slate being wrong and that is McCook. In case he should not be in the cabinet it may cause a change in the position of one or two other gentlemen on the slate. McCook will call on Major McKinley early this week at the former's request, when it will be settled definitely whether he will be one of the family or not. The list is as follows:

Secretary of State—John Sherman of Ohio.
Secretary of Treasury—Lyman J. Gage of Illinois.
Secretary of War—Russell A. Alger of Michigan.
Secretary of Navy—John D. Long of Massachusetts.
Secretary of Interior—Joseph McKenna of California.
Secretary of Agriculture—James I. Wilson of Iowa.
Postmaster General—James A. Gary of Maryland.
Attorney General—John J. McCook of New York.

Major McKinley did not leave the house yesterday. The weather was too rough for a drive or other outdoor exercise, even for one in robust health.

Governor Bradley of Kentucky was the only stranger to cross the threshold and he spent the greater part of the day at the house.

HANNA IS THE MAN.

Governor Bushnell Announces That the Chairman Will Succeed Sherman.

COLUMBUS, O., Feb. 22.—Governor Bushnell gives the following statement to the press: "It had been my intention to make no announcement in relation to the action I would take in the matter of an appointment to fill the prospective vacancy in the Ohio representation in the United States senate until the vacancy actually existed. But on account of the manifest interest of the people and their desire to know what will be done, I deem it best now to make the following statement: When Senator Sherman resigns to enter the cabinet of President McKinley, I will appoint to succeed him Hon. Marcus A. Hanna of Cuyahoga county, to serve until his successor is chosen by the seventy-third general assembly of the state. I trust this action will meet with the approval of the people."

Family Battered.

TAZEWELL, Ky., Feb. 22.—James Chadwell, his wife and children were drowned in Powell's river. The flood burst over the bank and caught them in their house, which was swept away.

TOOK POISON.

Fayette Stockton Drank Three Ounces of Chloroform and Dies.

CAIRO, Ill., Feb. 22.—Fayette Stockton, inspector for the Southwestern Traffic association at this point, drank three ounces of chloroform Saturday and died. He left a note requesting that his brother, who is agent for the Traders' Dispatch company at St. Louis, be notified. Deceased was a nephew of Rear Admiral Stockton of the United States navy, and also a nephew of Oscar Pepper of Kentucky whiskey fame.

OHIO INFIRMARY BURNED.

YOUNGSTOWN, O., Feb. 22.—The county infirmarium at Canfield burned today. Loss over \$50,000. The 235 inmates were all rescued. William Hartzel, an insane inmate, escaped from the attendants, ran into the fire and was cremated.

Cook Convicted of Manslaughter.

HAVANA, Ill., Feb. 22.—The jury in the Eddie Cook murder case late Saturday found the defendant guilty of manslaughter. The crime for which Cook was tried was the murder of Miss Minnie Bennett in Logan county, in February, 1895. Cook was indicted and tried in Lincoln in September, 1895. He was found guilty and sentenced to 14 years, but secured a new trial and took a change of venue to Mason county.

NOTABLE MEETING.

Daughters of the American Revolution in Session at Washington.

WASHINGTON, Feb. 22.—The Daughters of the American Revolution convened their sixth annual congress here this morning. The sessions probably will continue all the week. Several hundred accredited representatives are here and a number of important matters will be up for action.

One of the principal questions is the setting aside of a site here by the government for a memorial or continental hall, a proposition originating with the late Mrs. Caroline Scott Harrison, then mistress of the white house and endorsed by each congress since. The president general, Mrs. Adlai Stevenson, wife of Vice President Stevenson, will make the opening address, and Elroy Avery, state regent of Ohio, will respond. Addresses will follow by the presidents of Sons of American Revolution and Sons of Revolution, respectively, and Mrs. Snow of New York will speak for the Daughters of the Revolution.

KENTUCKY FLOODS.

Families Compelled to Flee From Their Homes at Middleboro.

MIDDLEBORO, Ky., Feb. 22.—A most disastrous flood visited this valley yesterday, flooding two-thirds of the town. Sixty families were forced from their homes. Cumberland avenue, the principal street, is under water. Most of the stores are flooded. Several hundred people have to be fed by citizens.

At West Pineville the Cumberland river broke over its banks, doing immense damage. Fifty families fled from their homes. All the mines on the creek are flooded. All the trestles and bridges on the Middleboro railroad are washed away. The bridge on the Knoxville, Cumberland Gap and Louisville is gone. No mail has arrived since Saturday. All trains are waterbound.

Family Battered.

TAZEWELL, Ky., Feb. 22.—James Chadwell, his wife and children were drowned in Powell's river. The flood burst over the bank and caught them in their house, which was swept away.

TOOK POISON.

He was found guilty and sentenced to 14 years, but secured a new trial and took a change of venue to Mason county.

INFIRMARY BURNED.

Engineer Fatally Injured But the Patients Were Safely Removed.

WARSAW, Ind., Feb. 22.—The Kosciusko county infirmarium, located south of this city, was totally destroyed by fire Saturday night. The fire originated from the explosion of a tank containing gasoline, which had carelessly been taken into the boiler room. The building was the finest of its kind in northern Indiana, and was completed four months ago. The 47 inmates were removed in safety but Samuel Royer, the engineer, was dangerously and perhaps fatally injured by the explosion. Loss, \$43,000; insurance, \$8,000.

SWINDLED WASHINGTON.

FARMERS, Ind., Feb. 22.—A. J. Dietrich, a slick swindler, came here a few days ago claiming to represent a firm of Munich selling fireproof safes. He visited the washwomen of the town and secured a number of orders. The dupes were required to pay \$2 in advance on their purchases, which he was to have delivered last Tuesday, but he failed to appear.

LOYAL LEGION CONVENTION.

RICHMOND, Ind., Feb. 22.—The meeting of the Loyal Legion of the state will occur here in May. The membership between 250 and 300 and includes the most prominent soldiers of the state, among whom are ex-President Harrison and General Lew Wallace.

SHOT FOR A BURGLAR.

MONTPELIER, Ind., Feb. 22.—Thomas James, an intoxicated tinplate worker, while hunting for his boardinghouse late Saturday night, tried to enter the house of George Meloy. The latter taking him for a burglar emptied the contents of a shotgun into James' abdomen.

MISS HARRISON.

INDIANAPOLIS, Feb. 22.—There was born to ex-President Harrison and wife yesterday a girl baby.

KILLED BY A RAM.

GALENA, Ind., Feb. 22.—Marshall Gleason, a farmer near here, was knocked down and killed by a ram.

NOTES OF THE STATE.

Dr. Dietrich, a dentist of Milton, Ind., was badly burned Saturday by the explosion of a coal stove.

George Cohen of Chesterton, Ind., has received notice from Germany that by the death of an aunt he is heir to \$30,000.

Anglers at Seymour, Ind., have petitioned Fish Commissioner Sweeney to place a fishladder at Riverdale on White river.

Valentine Snyder, a prominent Grand Army man of Valparaiso, Ind., fell down his cellar and received injuries from which he died.

Secretary Quigg of the Indiana Travelers' Protective association has announced that the date for the 1897 convention has been changed to May 1st.

The gas well recently drilled at Saratoga, Ind., has gradually changed from a good gas well to an oil well. It is daily increasing its flow of oil. Result is the oil fever has struck every citizen in the neighborhood.

THE TEXAS SLIPS AWAY.

Warship Disappears From the Galveston Harbor Mysteriously.

GALVESTON, Tex., Feb. 22.—The battleship Texas left the harbor at high tide yesterday and has not been seen since. So far as can be learned no coal was sent out to her. She had 200 tons of coal, enough to run her to Pensacola. The G. A. R. party which was to visit the Texas yesterday did not get out owing to the choppy sea. One boat went two miles beyond the jetties and could see nothing of the Texas, but the day has been foggy.

A late dispatch says: "Three officers from the battle ship Texas came in last night. The Texas is anchored three miles beyond the jetties. The officers of the Texas will go to Houston today. The Texas will not sail before tomorrow or Wednesday."

Sick Headache.

Headache and Extreme Nervousness.

EVER since I was eighteen years old until I learned of Dr. Miles' Restorative Remedies, I suffered from sick headache and extreme nervousness and dyspepsia. In time heart disease developed. I was treated by several doctors with no relief. Severe palpitation with pain in left breast, shortness of breath, and smothering spells made me most miserable. I procured Dr. Miles' Restorative Nervine and New Heart Cure and took them alternately as directed. Improvement began at once and increased so rapidly that inside of six months I increased thirty six pounds in weight. All pain in the heart is gone, and the nervousness has wholly left me."

Mrs. CHAS. KNAPP,

Tax pharmacy bill is in a fair way to become a law. It is conceded that such a law will be legislation in the right direction.

At five cents per line the REPUBLICAN got two dollars and seventy-five cents worth of local advertising in "the only" Saturday evening.

Most people in Seymour concede the fact that the avenues need some improvement. It would be worth a great deal to the city to have better appearing streets about the depots.

The last two weeks of the legislature will be crowded with business now pending before the houses in a partly completed condition.

The warden of the southern Indiana prison besides introducing reforms in every direction has made the institution self-sustaining, and reduced the per capita cost from \$110.28 in 1895 to \$102.10 in 1896.

SENATOR SCHNECK has interviewed a great many farmers relative to the bill providing for broad wagon tires and finds most of them in favor of it. It is believed that such a bill would be in the interest of better roads.

The Washington Gazette did itself credit in its illustrated "write up" of the organization and growth of the Washington Christian church. Their new house of worship which was dedicated yesterday is said to be one of the finest in the southern part of the state.

The appointment of Marcus A. Hanna to succeed John Sherman in the United States senate will not be disappointing to the party he represents. He has demonstrated his extraordinary business ability and his power as a leader of men.

Brazil has been running her own railroads for a few years and has decided to abandon the experiment because of its being unprofitable. She has instructed the Brazilian legation at Washington to receive sealed proposals up to May 15 for leases of the roads to private companies and individuals. The experiment has been a failure from every point and has cost Brazil a large sum of money.

If the main purpose of the promoters of the Geeting educational bill has been from the beginning a desire to advance the interests of the public schools or the state they will do all they can for the passage of the bill as reported by the house committee. But if their main purpose in proposing the measure has been to give more power to the state schools they will oppose it, or at least do nothing for it.

In the celebration of the forthcoming jubilee of Queen Victoria it is proposed by a party of gentlemen with the Prince of Wales at their head to raise a fund of \$16,000,000 for the maintenance of the public hospitals of London. Such an undertaking is worthy of the best impulses of British citizenship, and its success would doubtless be more gratifying to the venerable queen than any of the other events which have been arranged in honor of the anniversary of her accession to the throne.

McKINLEY's cabinet is meeting with almost universal approval from the people of the country. He had evidently selected the men because of their fitness for the position they are to occupy rather than on account of pressure from politicians. This selection marks him as a strong man in the first act by which the people have a chance to judge the president elect.

LORD BROUGHTON spoke of George Washington as "The greatest man of our own or any other age." All men have for years agreed in placing our first president high among the great characters whose deeds are recorded on the pages of history. The more we study the history of his times, the more we are convinced that, like Lincoln, he was raised up for the emergency by the Supreme Power who molds the destinies of nations. He of all men of his time was best fitted to cope with the difficulties which beset the infant Nation. The Nation honors him to-day because he did more than any other to shape the destinies of the young republic. It was not personal ambition but love for his country that led him into and kept him in public life. It was his self-sacrificing devotion to his country's interests that gave him the place he holds high in the esteem of his countrymen.

Passenger Train Wrecked.

ASHLAND, Ky., Feb. 22.—Yesterday the eastbound Norfolk and Western express ran into a washout near Lovellette wrecking the engine, baggage car and two coaches. The sleeper escaped. A BEGGAR'S ARTIST.

LIVES IN A CELLAR AND PAINTS SIGNS FOR MENDICANTS.

He Makes a Good Living and Would Rather Be a Painter For Beggars Than a Beggar Painter—How the Pictures are Used and What He Charges For Them.

A new school of art has been discovered. So far as known, this city has its sole professor, and he is as odd as his art. But this is the source whence come the thrilling pictures which the beggar, maimed, halt or blind, displays when he mournfully relates just how he was injured and strives to impress upon the charitable how deserving he is of aid.

In one of the shabbiest streets of the city, away down in a basement, a flickering gas flame lights the studio of this queer genius. It is a place of business such as would appal the well dressed banker, but it is no exaggeration to say that its occupant has an income which many more pretentious painters would rejoice to receive.

Technique and perspective meet with small consideration at the hands of this king of the beggars, for such he seems to be. To watch ingress and egress of his patrons would give a stranger the impression that some philanthropist had established a charity hospital in the basement.

When the writer paid a visit to this unique studio the other day, the artist was found attired in a pair of overalls and a greasy woolen shirt, as guileless of ornamentation at the neck as was the neck itself of acquaintance with soap and water. A bushy beard that had evidently been brown in other days covered the lower portion of the artist's face, and his shaggy hair stood up in indignant protest against the possibility of invasion by brush or comb. From under rather bushy brows a keen pair of eyes looked out. Mind was decidedly in evidence; conventionalism was below par. Both cleanliness and godliness were quite ignored.

The furniture of the studio consisted of an old couch covered with a material which in days gone by had probably been very pretty chintz. Now it was thoroughly disguised by the accumulation of dirt. A real rug carpet covered the floor, but not a single picture was hung upon the walls, although standing about the room were several pictures in various stages of progress. Permission was asked to examine them, and they were well worth seeing.

One was a lurid representation of a powder explosion. So realistic was the picture that if you cared to place your finger on what were alleged to be burning grains of powder you could feel that the grains were there, though the artist denied that that was the intention. He said the painting was intended for a patron of his with two wooden legs, substitutes for the pair that a powder explosion robbed him of. The object of the painting was to show the charitable stranger just how it happened, and the artist said that in his mind there was no doubt that his legless patron would greatly benefit by the scene thus placed on canvas.

There was another picture, which represented the blowing up of a man-of-war. The names cut spouted from the decks of the unfortunate vessel were far more red than the light that shines from the chimneys of an iron mill at night. Nature has never succeeded in producing anything quite so glowing as unmitigated red paint, and there was no lack of it in this picture. The persons who were sailing about in the air seemed to have suffered frightful injuries, and the artist said that this was purely to invoke sympathy for his customer, who was supposed to be one of the actors in the scene so graphically portrayed.

The price of such paintings varies from \$3 to \$12. The artist can complete one in about 1-2 hours, if he does not hurry. If it is a rush order, the work can be concluded within an hour, though in that case the price is increased somewhat. When asked if he made much money by this sort of work, the artist replied that he did; that he gained more than many painters who were striving to do great things are able to secure. His patrons were generally prompt pay—indeed the usual terms are cash on delivery.

As for embarking in higher art, the artist would have none of it. He tersely remarked that he would rather be a painter for beggars than a beggar painter, and as he waved a goodly there was a contented look on his face, which showed that he meant exactly what he said.—Philadelphia Press.

A Greek-English Fun.

The Watchman records a witicism of the late Professor Kendrick of Rochester university.

Having one day in the classroom remarked that the Greek preposition "eis" invariably means "into," he was reminded by one of his pupils that a professor in another college had asserted the contrary.

"Well," was the reply, "if that be true, I can only say that he has slipped up on the 'eis,' that is all."

Bricks of 1612.

The first bricks made in this country for building purposes were manufactured by colonists in Virginia in 1612.

They were used in the construction of a church edifice at Jamestown and the residence of the governor of the state. A part of the Jamestown church is still standing, and the bricks are in a good state of preservation, showing that the colonists believed in making articles that resist wear by exposure to all kinds of weather.—Boston Budget.

James Crichton, better remembered as "the Admirable Crichton," could read, write and dispute in 12 different languages. He was an expert swordsman, a civil and military engineer, a mathematician, a dramatist, and although but 28 years old at the time of his death he was the master of all the science and learning of his age.

OH! WHAT A RELIEF.

"I suffered with terrible pains in my left ovary and womb. My back ached all the time."

"I had kidney trouble badly. Doctors prescribed for me, and I followed their advice, but found no relief until I took Lydia E. Pinkham's Vegetable Compound. Oh! what a relief it is, not to have that tired feeling day after day, in the morning as much as at night after a hard day's work, and to be free from all pains caused by Ovarian and Womb troubles. I cannot express my gratitude. I hope and pray that other suffering women will realize the truth and importance of a firm statement, and accept the relief that is sure to attend the use of the Pinkham Medicine."

TWO WEEKS MORE

Life of the Indiana General Assembly Drawing to a Close.

IMPORTANT BUSINESS ON HAND.

Appropriation Bills to Be Introduced and Put Through—Building Association Bills Is Yet to Be Acted on by Both Houses—County Officers' Fee and Salary Law—Antitrust Measures.

INDIANAPOLIS, Feb. 22.—There are but two weeks more of the session of the legislature and as is usually the case a large amount of work is to be done during these last two weeks. The appropriation bill must be introduced and put through. The building and loan bill, which has been put into shape in the house, must be passed by that body and be acted upon in the senate. The insurance legislation is yet in its early stages and the appropriation bill must be passed by the senate. Aside from these more important measures there are any number of minor ones that individual members are anxious to get through and time is becoming exceedingly valuable.

During the past week a good deal of business was accomplished. It marked the final passage of intermediate prison bill, the bill providing for homes for dependent children, the bill amending the election law, the metropolitan police bill and a number of minor measures. Both the house and the senate passed anti-trust bills, but they have not yet been taken up by the bill. The Indianapolis street railroad bill occupied more time during the week than any other measure, but it is not likely to occupy much more of the attention of the assembly. The support for the bill as amended and passed by the senate last week is so strong that it will probably pass the house without much opposition.

SATURDAY'S PROCEEDINGS.

County Officers' Fee and Salary Law Reported Favorably.

INDIANAPOLIS, Feb. 22.—The senate committee on fees and salaries just before the noon adjournment on Saturday offered a favorable report upon the fee and salary bill prepared by the county officers, with certain amendments suggested by the committee. These amendments cut off the raises in salary granted to various deputies in the state house and reduced in a number of instances the specific fees for transactions of county officers. Messrs. Shively, Self and Watson opposed the report, declaring that the people were strongly opposed to anything in the shape of raising the pay of county officers. Senator Hawkins defended the report at some length, declaring that this was an honest effort to correct the inequalities admitted to exist in the law of 1895. Upon a viva voce vote the senate concurred in the committee report, thus advancing the bill to second reading.

The senate passed the following bills: Authorizing surety companies to go upon all bonds required by the courts; exempting mortgaged real estate from taxation up to a limit of \$500; requiring street railroad companies to heat their cars; providing that a widower may sue for damages for the accidental death of his wife; providing for witnesses' fees in misdemeanor or cases where pleas of guilty are entered.

The house passed but two bills on Saturday, one of them the Adams-Jay court bill, which has already passed the senate and now goes to the governor, who is very likely to veto it. The second,

Unusually Large Number of Deaths Reported Today.

A three months old child of William Brown, east of Reddington, died Sunday night, February 21, 1896.

Clarence Ross died Sunday, February 21, 1897 at his home at Butlerville with consumption, aged twenty-six years. He was a grandson of Mrs. William Brewer, of Seymour.

Mrs. Henry Rodman, an estimable lady late of Brownstown but who moved with her husband to Elwood, died Wednesday, February 17, 1897. Mr. Rodman is a son of Dr. W. M. Rodman, of Brownstown.

B. F. Price has a telegram from Asheville, N. C., announcing the death of his niece, Mrs. Nellie Wallace Starnes, nee Price, who passed away at 3 o'clock Saturday evening, February 20, 1897, aged some twenty-eight years, with brain trouble. She was partially raised in Seymour and was held in high esteem by all.

Wesley Hotchkiss, of Vallonia, died Sunday morning February 21, 1897, with pneumonia, aged some twenty-four years. He and Miss Lula Wilson, were united in marriage just two weeks ago. He was an honest and respected citizen and a warm church member. His widow has the tenderest sympathy of all.

Henry Gribbler, one of Seymour's respected citizens, died at 2 o'clock Sunday afternoon, February 21, 1897, with cancer of the stomach after a lingering illness. He was born in Germany seventy-four years ago and had resided here for forty-five years. Mr. Gribbler was an honest man and had the confidence of all. He left no family. Funeral at 2 o'clock to-morrow afternoon from the St. Paul's Protestant church, of which he was a devoted member.

Mrs. John Wente, an esteemed and Christian lady died at 11 o'clock Saturday night, February 20, 1897, at her home on White Creek, with disease resulting from the grip, aged 68 years. She was born in Germany and came to this country half a century ago. In her death Hamilton township has lost one who was loved by all. She has been an invalid for a long time and she was ready at any time to answer the summons of her Divine Master. Three daughters and one son, William H. Wente, of Seymour, survive, who have the tender sympathies of their hosts of friends. Funeral at 1 o'clock tomorrow afternoon. Interment at the Herbs church cemetery.

TO-NIGHT.
Public Library Benefit. All Seats on First Floor Sold. Reserved Seats in Gallery 15 Cents.

As was predicted beforehand the library benefit to-night will be one of the most successful ever given in the city. A cause in which the public is so interested will always receive their support.

The present entertainment has been supported and encouraged by all. The business men have responded to the call by taking advertising space on their program, which is one of the neatest ever published. They have been distributed all over town and the public now knows the young people who have worked so faithfully for this cause. The sale of tickets was one grand rush from start to finish, over 200 were marked off the first day; now there are less than a dozen good seats on the first floor. To make the gallery more attractive the price has been reduced to fifteen cents, with the assurance that the crowd will be thoroughly respectable. The entertainment itself has been witnessed by critics who pronounce it to be the best home talent entertainment given in the city. No efforts have been spared to have the make up costumes and dress appear first class in every particular. Avail yourself of one of the available seats left, come out and enjoy an evening with our young people. Never mind the weather.

BUSINESS NOTES.
John C. Wells went this morning to Medora on business.
James Steele, of Vallonia, came up to the city this morning on business.
A. D. Eldridge shipped a car of poultry and a car of eggs to Boston Saturday night.
J. H. Andrews went this morning to Cincinnati on business and to visit friends.
Miss Ida Hunsucker, of Vallonia, came up to the city Saturday evening on a shopping expedition.
J. W. Conner received a letter Sunday from C. L. Thomas, who is at Thomasville, Ga., stating that he was sitting at his window writing in his shirt sleeves. He is improving nicely.
Mrs. I. N. Wander came here this morning from Bedford to visit friends.
J. W. Holmes and his daughter-in-law, Mrs. D. H. Holmes, of Medora, are improving nicely.
Charles Smith and Ben Bettely, members of the Crescent Mandolin club, rendered some fine instrumental music at the B. & O. ticket office Sunday evening. They are masters of the musical profession.

Corea.
The lecture at the Presbyterian church Sunday evening by Rev. S. A. Moffet, who has spent seven years in the missionary work in Corea, was interesting and instructive. Mr. Moffet gave his hearers a clear idea of Corea civilization, the habits and home life of the people and their religious customs. His own experience as a missionary and the obstacles he had to overcome were no less interesting than his account of the people. Mr. Moffet is a young man of more than ordinary ability and is making a good record in the foreign field.

Lee Rosenbush Dead.
Lee Rosenbush, familiarly known as "Sam the Boss," owner and proprietor of the largest clothing and shoe store in Columbus and one of its foremost business men, died yesterday morning at 11 o'clock at Cincinnati, O., aged thirty-nine years. His remains will be taken to Indianapolis where they will be buried to-day at 2 o'clock. He leaves a wife and five children.

The Fact That Doctors
Frequently advise change of air and climate to those suffering from catarrh is proof that catarrh is a local and climatic disease. Therefore, unless you can leave home and business, you should use Ely's Cream Balm. Applied directly to the seat of the disease, it effects instant relief and a satisfactory cure after short continuance. No mercury nor injurious drug is contained in the Balm.

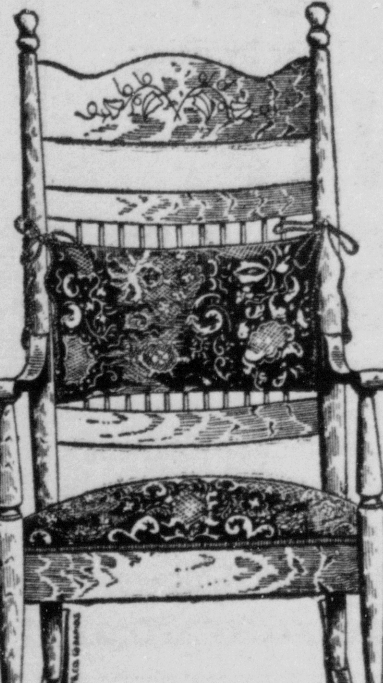

After the first act of "The Tornado," at Haulin's—and a realistic scene it was one so graphic that it is seldom seen on the local boards—there were many calls of "Author," and in response Lincoln J. Carter, a young man in shirt sleeves stepped before the curtain. He was breathing heavily, and explained his exhaustion by stating that he had been helping to "work up" the storm scene. Then in a few brief remarks he said: "Ladies and gentlemen: Three years ago I was an unknown and penniless actor; and I was given a chance to produce in this theatre my first play 'The Fast Mail.' You gave me my first start on the road to success and I may say that owing to your kindness I am now financially independent. Hereafter I will consider this house as the home and starting point of whatever dramas I may write.

THEY'RE ALL LIKE THAT.

Oh, have you ever known a girl, when asked about her age, Who'd sweetly smile and answer you and not get in a rage? The weather, styles and last new plays are topics safe for you, But if you venture on her age she'll snap those eyes of blue (Or if they're black 'twill be worse yet) and curl her lips in scorn. Then you will feel of all men you are the most forlorn. Now, then to one, if you could see within that maiden's breast, She'll be consigning you somewhere, but not among the best. The girls are all alike in that the whole wide world around — You must not ask how old they are—at least so I have found. I tried it once, and to my cost. Now I'm a wiser man. And you, I follow I must say this—avoid it if you can. —Richard Brent in Atlanta Constitution.

A NEW YORK STREET SHOW.

The Interesting Performance of an Equine Gymnast.

It is the easiest thing in the world for a horse to eat from the ground standing—that is the way it feeds in nature—but a horse that was standing in Nassau street the other day, attached to a delivery wagon, ate from the ground in a way that interested everybody who saw him.

Straightening out his fore legs in front of him, at an angle of about 45 degrees, something as a dog straightens out his fore legs in stretching, he lowered his body at the shoulders to about half its usual elevation above the ground. Then he inclined his head downward between his legs until his lips touched the pavement. He didn't need to bend his neck more than half as much as would have been necessary if he had remained standing with his fore legs upright. It was like a feat in gymnastics.

A crescent shaped crowd gathered in front of the horse, one horn of the crescent being on one sidewalk and the other on the other. Somebody put a pear down on the pavement between the horse's feet. Out went his feet and down he lowered his body and then deliberately he inclined his head and picked up the pear; and then he straightened up and ate it, all to the great enjoyment of the crowd. One man said Bar num ought to have him, and yet when he straightened up and was standing at rest he was just a good looking horse whom nobody would ever have taken for the prize horse gymnast.

A boy laid down the core of an apple and the horse picked that up as before while the crowd looked on, and presently the driver came out of a building and jumped on the seat of the wagon. He saw the crowd, but he didn't let on that he saw it or anything remarkable at all; he simply gathered up the lines and drove off, and then the crowd melted away. —New York Sun.

London Cabbies' Trick.

"Like a ride, sir? Jump up. Nothing to pay."

The writer was taking a stroll along the Thames embankment one fine evening after supper when the driver of a smart looking four wheeler pulled across the road and hailed him thus curiously.

I jumped on the box beside him, and, noticing my look of inquiry, he explained: "You see, sir, we cabbies are not allowed to drive empty through the Strand during this half hour just as the theater goers are coming out. Of course there is a dead certainty of getting a fare now if we can only manage to get into the street. So to prevent the place getting filled with cabs there is a policeman at every side turning with strict orders to turn us back as soon as there are enough on the bank.

"But no bobby in the world can stop a man driving a fare into the Strand, and so we ask a likely looking customer to oblige us and jump in while we drive past the constable. Once in the street, we are pretty sure of picking up a fare before we are noticed and ordered out again.

"Thank you, sir, very much," he added as I alighted a few doors from the Villiers street end of the crowded thoroughfare, "and good night! Cab, sir? Yes, sir," and he quickly drove off with his new fare.—Pearson's Weekly.

Nasty American.

Among my fellow passengers recently on one of these good but very slow ships, the Irrawaddy, was a little curly haired English boy who had evidently been brought up in the strictest sect of the aristocracy—an embryonic Englishman of the Englishmen.

"Do you speak French, little boy?" said a good lady to him, who was trying to scrape acquaintance with the youthful Briton.

"Oh, naw," said the little chap.

"Do you speak American?" then asked the lady.

"Oh, naw," he replied, with a still stronger emphasis.

"But wouldn't you like to learn American?" persisted the lady.

"Oh, naw, thanks," answered this sturdy little patriot. "It is very, very nasty to speak American." —North American Review.

Tennyson's Prediction.

It has been learned that Tennyson predicted the day of his death. Just a year before his death friends of the poet were visiting Aldworth House. The late Lord Selborne turned to Tennyson and remarked, "You ought to be happy here." "Ah," sighed the poet, "I have only a year to live!" His peers laughed at the remark, but it was a prophetic assertion that was verified to the minute.

Affability, mildness, tenderness and a word which I would fain bring back to its original significance of virtue. I mean good nature—are of daily use. They are the bread of mankind and the staff of life.—Dryden.

The Metonic cycle of 19 years, at the end of which each new moon comes back into the same day of the year, was among the most remarkable discoveries of ancient astronomy.

HOUSE AND SENATE

Congress Celebrates George Washington's Birthday by Hard Work.

CLOSING DAYS OF THE SESSION.

Appropriation Bills and Conference Reports Barring the Way to Pet Measures in the House—Election Contests. Indian Bill Under Consideration in the Senate—Dr. Richard Ruiz's Death.

WASHINGTON, Feb. 22.—Congress adjourns since die a week from Thursday and the rush and jostling which marks the closing days of a session began today. Washington's birthday is being celebrated by hard work. Members with pet measures, the passage of which have more or less bearing on their political fortunes, have begun their clamor for recognition, but they appear in vain as long as appropriation bills and conference reports are before the house for action, as these, by the rules, have the right of way. Besides the house managers are anxious to put through with the least possible delay the last two budgets so that the decks may be cleared for the final struggle with the senate over the latter's amendments to the money bills.

Speaker Reed and the house managers are using all their power and influence to keep down the appropriations to the lowest limit as they already promise to exceed those of the 51st congress and the increases which the senate makes will be fought to the bitter end. The influence of this purpose to keep down appropriations to the minimum was apparent when the naval committee after agreeing to recommend an appropriation for a new battleship and a training ship for the Annapolis cadets, upon consultation with the leaders rescinded its action and decided to report the bill without any recommendation for an increase of the new navy. The general deficiency bill, which has been under consideration for two days in the house, will probably be completed today. An effort is being made to strike out the appropriation of \$1,310,000 for the Southern Pacific, being the amount withheld by the government pending a determination of the liability of that road to the Union and Central roads.

Two contested election cases still remain undisposed of, as these are matters of the highest privilege, all else must give way if their consideration is insisted upon. But as both of them are unanimous reports (the committee's recommendation being in favor of the sitting members in the Watson-Black and Bennett-Boatner cases) they should not require much time for discussion.

In the Senate.

WASHINGTON, Feb. 22.—The senate began the week by listening to Senator Daniel read Washington's farewell address, but did not observe Washington's birthday to any greater extent.

It is expected that very little will be attempted beyond appropriation legislation during the week, and it appears probable that most of the time will be given up to the Indian bill now in progress of consideration and the bill providing for appropriations for the District of Columbia, which will next be taken up. There are many provisions in the unconsidered portion of the Indian bill which will arouse debate, and the district bill never gets through the senate without elaborate discussion of its many provisions.

By the time these bills are out of the way in the senate the postoffice and sundry civil bills will be reported. Consequently there is no probability of a lack of material in the way of appropriation bills to proceed with.

Senator Sherman has announced his purpose not to again bring up the arbitration treaty for debate so long as the appropriation bills are pressing for consideration, but if there should be a lull in this work he may renew his efforts to secure ratification. There is no probability, however, that this result can be accomplished. Senator Hoar is waiting anxiously to get up the bankruptcy bill. He believes the senate could be brought to pass the bill after a few hours' debate if it could be gotten up, but admits that for the present the appropriation bills will probably monopolize the attention of the senate.

DR. RICHARD RUIZ.

General Lee Investigating the Cause of His Death in a Cuban Prison.

WASHINGTON, Feb. 22.—It can be stated on the best authority that so far at least there is no reason for apprehension that the case of Dr. Richard Ruiz, who was found dead in his cell in the jail at Guanabacoa, Cuba, will lead to any international complications. The matter was brought to the attention of the state department in the latter part of the past week through complaint of some of the friends of the doctor in this country. Consul General Lee was immediately directed by cable to investigate the affair. The official reports of

the Spanish officers are that Ruiz committed suicide while in jail, but this has not yet been communicated to the department of state. Meanwhile Consul General Lee is investigating the matter and the state department is awaiting his report. All stories that warships have been called for by General Lee or that this government is making ready to take forcible measures in the case are without foundation.

Returned Home After Many Years.

MIDDLESBORO, Ky., Feb. 22.—Joseph Murdock of Scott county, Va., who was supposed to have been murdered 25 years ago, and for which crime Bud Lindsay served 21 years in the Virginia penitentiary, has returned to his former home. Lindsay died recently.

MCKINLEY'S CABINET.

It is Believed the President-Elect Has Every Position Filled.

CANTON, O., Feb. 22.—It can almost be asserted as a positive fact this morning that President-elect McKinley has his official family completed. There is only one possibility of the slate being wrong and that is McCook. In case he should not be in the cabinet it may cause a change in the position of one or two other gentlemen on the slate. McCook will call on Major McKinley early this week at the former's request, when it will be settled definitely whether he will be one of the family or not. The list is as follows:

Secretary of State—John Sherman of Ohio.
Secretary of Treasury—Lyman J. Gage of Illinois.
Secretary of War—Russell A. Alger of Michigan.
Secretary of Navy—John D. Long of Massachusetts.
Secretary of Interior—Joseph McKenna of California.
Secretary of Agriculture—James I. Wilson of Iowa.
Postmaster General—James A. Gary of Maryland.
Attorney General—John J. McCook of New York.

Major McKinley did not leave the house yesterday. The weather was too rough for a drive or other outdoor exercise, even for one in robust health. Governor Bradley of Kentucky was the only stranger to cross the threshold and he spent the greater part of the day at the house.

HANNA IS THE MAN.

Governor Bushnell Announces That the Chairman Will Succeed Sherman.
COLUMBUS, O., Feb. 22.—Governor Bushnell gives the following statement to the press: "It had been my intention to make no announcement in relation to the action I would take in the matter of an appointment to fill the prospective vacancy in the Ohio representation in the United States senate

MARCUS A. HANNA.

until the vacancy actually existed. But on account of the manifest interest of the people and their desire to know what will be done, I deem it best now to make the following statement: When Senator Sherman resigns to enter the cabinet of President McKinley, I will appoint to succeed him Mr. Marcus A. Hanna of Cuyahoga county, to serve until his successor is chosen by the seventy-third general assembly of the state. I trust this action will meet with the approval of the people."

Hanna Has Nothing to Say.

CLEVELAND, O., Feb. 22.—Chairman Hanna was at the Union club last night when he was shown the dispatch from Columbus containing Governor Bushnell's announcement of Mr. Hanna's appointment as senator to succeed Mr. Sherman. When asked if he would discuss the governor's action the chairman declined to say anything, remarking that he could not talk about the matter for publication until he had received official notification of his appointment from Governor Bushnell.

SPANISH OUTRAGE.

Drunken Mate of the Schooner Jeannette Bayoneted and Robbed.

CARRIAGEVILLE, Fla., Feb. 22.—The schooner Jeannette, from Matanzas, Cuba, arrived with the second mate severely stabbed. While the schooner was in port the second mate went ashore and became intoxicated. While on the dock he was approached by four Spanish soldiers who demanded his money and everything of value. The mate refused to obey. The soldiers stabbed him with their bayonets and then, knocking him down, took from him all the money he had, his shoes, coat and everything of any value. The mate is seriously hurt. Several Spanish officers saw the assault, but on being appealed to walked off muttering: "El Americano; good enough; serves him right."

Reformed Press Convention.

MEMPHIS, Feb. 22.—Hundreds of delegates to the annual convention of the Reform Press association have arrived. The convention was called to order by General Paul Vandervoort, president of the association, at 10 o'clock this morning. The association was welcomed and responses occupied the entire morning. Mr. Vandervoort delivered his annual address this afternoon.

DESPITE WARNINGS

Insurgent Camp Fails to Heed the Admirals and Is Bombaraded.

BIG DEMONSTRATION AT ATHENS

Over Forty Thousand People Participate—Deputation Waits on the King Who Makes a Speech—Greek Gunboat Returns the Fire of a Turkish Frigate—Colonel Vassos Warned by the Powers.

CANEA ISLAND OF CRETE, Feb. 22.—Last night a fusillade, having continued since morning, despite the warnings of the foreign admirals, the united squadrons bombarded the insurgent camp outside of Canea.

Smart firing was heard in the hills to the eastward. The reply of the Turks was feeble, and it was obvious that they must abandon their positions if pressed. Their gun practice from the redoubt on the outer lines was ludicrous. The chief Cretan position was a hamlet on a ridge of hills, 4,000 yards from the flagship.

Signals were made to H. M. S. Dryad, H. M. S. Harrier and H. M. S. Revenge, together with one Italian, one German and one Russian ship to open fire on the Cretan position where the Greek flag was hoisted some days ago.

The British ships fired 40 and the foreign ships 30 shells at the village and ruined the house held by the Cretans. The flag was soon lowered and the order cease fire sounded after 10 minutes. Thereupon the flag was rehoisted. The rocks around were crowded with Cretans. The Turks, encouraged by the fleets, now opened a lively fusillade while the Cretans were removing the wounded. The Cretans had not replied during the whole performance. It was a somewhat melancholy and degrading spectacle.

DEMONSTRATION IN ATHENS.

King and People Are Ready For Any Sacrifice.

ATHENS, Feb. 22.—Over 40,000 persons participated in a demonstration yesterday on University square in favor of the union of Crete and Greece. The greatest enthusiasm prevailed. An address was adopted, declaring that the king and the people were ready for any sacrifices of blood and treasure to bring the present Cretan policy to a successful issue. The crowd then marched to the palace and a deputation presented the address to the king. Tremendous cheering followed. His majesty, King George, Crown Prince Constantine, Duke of Sparta and other members of the royal family occupied places on the balcony. The king addressed the crowd as follows:

"You are executing the true mandate of the Hellenic people. I thank you for this imposing display of your feelings. May God protect our beloved country and strengthen our common efforts. Long live the Hellenic nation."

The address of King George was followed by vociferous cheering. The forts fired two rounds of blank cartridges last Saturday at the Greek gunboat Peneus. A Turkish frigate also discharged blank shots at the Greeks. The Greek gunboat Peneus quickly replied to the blank shots fired by the Turkish frigate. The frigate then withdrew from the scene of operations.

The German flag was hoisted on the ramparts here on the arrival of the cruiser Kaiserin Augusta.

None of the powers except Austria has accepted the proposal of Emperor William to blockade Piræus. The foreign admirals have warned Colonel Vassos, the commander of the Greek forces on the island of Crete, of their intention to attack his troops with four men-of-war anchored off his camp, Agioli Theodoroi, should he attempt to advance to the interior of the island.

Dr. Steinitz Dead.

LONDON, Feb. 22.—A dispatch to the Daily Mail from Paris says that Dr. Steinitz is dead at Moscow.

Many a woman sees the reflection of death in her mirror without really realizing it, and with no even a guess at the cause. Beauty wanes—eyes grow dim and black encircled—radiance fades from the skin—a leathery look supplants the soft peachy appearance—age comes before life has fairly begun. These are but outward signs of the death that lurks within. These are only danger signals. Careless or too busy doctors make a hundred diagnoses and prescribe for nervousness, for insomnia, for indigestion—for a hundred different diseases. They are wrong—mistaken nine times in ten. When a woman grows old, weak, sick—the trouble is almost always with the organs that make her a woman—the most sensitive, the most vital organs in her whole body. They are so closely knit with the fibres of her life that a disorder here means disorder everywhere and anywhere. Such disorders call for the expert skill of the specialist. Such a specialist is Dr. R. V. Pierce, who for over thirty years has been chief consulting physician and surgeon of the Invalids' Hotel and Surgical Institute of Buffalo, N. Y. Afflicted women should write to him and should in any case begin at once to take Dr. Pierce's Favorite Prescription, the most successful remedy for all forms of female weaknesses and diseases. Tens of thousands of women have been cured by this marvelous medicine without ever consulting a physician. Dr. Pierce's 108 page book, "Common Sense Medical Advice," is full of useful knowledge from title-page to end. It may be had in paper covers for the bare cost of mailing. Send 21 one-cent stamps to World's Dispensary, Medical Association, Buffalo, N. Y. Do not expect return for cents in all, the book will be sent to you without charge.

NOTABLE MEETING.

Daughters of the American Revolution in Session at Washington.

WASHINGTON, Feb. 22.—The Daughters of the American Revolution convened their sixth annual congress here this morning. The sessions probably will continue all the week. Several hundred accredited representatives are here and a number of important matters will be up for action.

One of the principal questions is the setting aside of a site here by the gov-

ernment for a memorial or continental hall, a proposition originating with the late Mrs. Caroline Scott Harrison, then mistress of the white house, and endorsed by each congress since. The president general, Mrs. Adlai Stevenson, wife of Vice President Stevenson, will make the opening address, and Elroy Avery, state regent of Ohio, will respond. Addresses will follow by the presidents of Sons of American Revolution and Sons of Revolution, respectively, and Mrs. Snow of New York will speak for the Daughters of the Revolution.

The Children of the American Revolution are also holding their convention here today.

KENTUCKY FLOODS.

Families Compelled to Flee From Their Homes at Middlesboro.

MIDDLESBORO, Ky., Feb. 22.—A most disastrous flood visited this valley yesterday, flooding two-thirds of the town. Sixty families were forced from their homes. Cumberland avenue, the principal street, is under water. Most of the stores are flooded. Several hundred people have to be fed by citizens.

At West Pineville the Cumberland river broke over its banks, doing immense damage. Fifty families fled from their homes. All the mines on the creek are flooded. All the trestles and bridges on the Middlesboro railroad are washed away. The bridge on the Knoxville, Cumberland Gap and Louisville is gone. No mail has arrived since Saturday. All trains are waterbound.

Family Drowned.

TAZEWELL, Ky., Feb. 22.—James Chadwell, his wife and children were drowned in Powell's river. The flood burst over the bank and caught them in their house, which was swept away.

TOOK POISON.

Fayette Stockton Dried's Three Ounces of Chloroform an Day.

CAIRO, Ill., Feb. 22.—Fayette Stockton, inspector for the Southwestern Traffic association at this point, drank three ounces of chloroform Saturday and died. He left a note requesting that his brother, who is agent for the Traders' Dispatch company at St. Louis, be notified. Deceased was a nephew of Rear Admiral Stockton of the United States navy, and also a nephew of Oscar Pepper of Kentucky whisky fame.

OHIO INFIRMARY BURNED.

William Hartzell, an Insane Inmate, Is Cremated.

YOUNGSTOWN, O., Feb. 22.—The county infirmary at Canfield burned today. Loss over \$50,000. The 235 inmates were all rescued. William Hartzell, an insane inmate, escaped from the attendants, ran into the fire and was cremated.

Cook Convicted of Manslaughter.

HAVANA, Ill., Feb. 22.—The jury in the Eddie Cook murder case last Saturday found the defendant guilty of manslaughter. The crime for which Cook was tried was the murder of Miss Minnie Bennett in Logan county, in February, 1895. Cook was indicted and tried in Lincoln in September, 1895. He was found guilty and sentenced to 14 years, but secured a new trial and took a change of venue to Mason county.

INFIRMARY BURNED.

Engineer Fatally Injured But the Patients Were Safely Removed.

WARSAW, Ind., Feb. 22.—The Kosciuszko county infirmary, located south of this city, was totally destroyed by fire Saturday night. The fire originated from the explosion of a tank containing gasoline, which had carelessly been taken into the boiler room. The building was the finest of its kind in northern Indiana, and was completed four months ago. The 47 inmates were removed in safety but Samuel Royer, the engineer, was dangerously and perhaps fatally injured by the explosion. Loss, \$43,000; insurance, \$8,000.

Swindled Washwoman.

FARMLAND, Ind., Feb. 22.—A J. D. trick, a sick swindler, came here a few days ago claiming to represent a firm at Muncie selling flatirons and rufflers. He visited the washwoman of the town and secured a number of orders. His dupes were required to pay \$2 in advance on their purchases, which he was to have delivered last Tuesday, but he failed to appear.

Loyal Legion Convention.

RICHMOND, Ind., Feb. 22.—The meeting of the Loyal legion of the state will occur here in May. The membership is between 250 and 300 and includes the most prominent soldiers of the state, among whom are ex-President Harrison and General Lew Wallace.

Shot For a Burglar.

MONTPELIER, Ind., Feb. 22.—Thomas James, an intoxicated tinplate worker, while hunting for his boardinghouse late Saturday night, tried to enter the house of George Melling. The latter taking him for a burglar emptied the contents of a shotgun into James' abdomen.

Miss Harrison.

INDIANAPOLIS, Feb. 22.—There was born to ex-President Harrison and wife yesterday a girl baby.

Killed by a Ram.

GALENA, Ind., Feb. 22.—Marshall Gleason, a farmer near here, was knocked down and killed by a ram.

Notes of the State.

Dr. Dietrich, a dentist of Milton, Ind., was badly burned Saturday by the explosion of a coal oil stove.

George Cohen of Chesterton, Ind., has received notice from Germany that by the death of an aunt he is heir to \$30,000. Anglers at Seymour, Ind., have petitioned Fish Commissioner Sweeney to place a fish ladder at Riverdale on White river.

Valentine Snyder, a prominent Grand Army man of Valparaiso, Ind., fell down his cellar and received injuries from which he died.

Secretary Quigg of the Indiana Travelers' Protective association has announced that the date for the 1897 convention has been fixed for May 1st at Indianapolis.

The gas well recently drilled at Saratoga, Ind., has gradually changed from a good gas well to an oil well. It is daily increasing its flow of oil. Result is the oil fever has struck every citizen in the neighborhood.

THE TEXAS SLIPS AWAY.

Warship Disappears From the Galveston Harbor Mysteriously.

GALVESTON, Tex., Feb. 22.—The battleship Texas left the harbor at high tide yesterday and has not been seen since. So far as can be learned no coal was sent out to her. She had 200 tons of coal, enough to run her to Pensacola. The G. A. R. party which was to visit the Texas yesterday did not get out owing to the choppy sea. One boat went two miles beyond the jetty and could see nothing of the Texas, but the day has been foggy.

A late dispatch says: "Three officers from the battle ship Texas came in last night. The Texas is anchored three miles beyond the jetty. The officers of the Texas will go to Houston today. The Texas will not sail before tomorrow or Wednesday."

Chas. B. Hood, broker and manufacturer's agent Columbus, O., certifies that Dr. King's New Discovery has no equal as a cough remedy. J. D. Brown, Prop. St. James Hotel, Ft. Wayne, Ind., testifies that he was cured of a cough of two years' standing, caused by La Grippe, by Dr. King's New Discovery. B. F. Merrill, Baldwinville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mrs. Hemming, 222 E. 25th St., Chicago, always keeps it at hand and has no fear of Croup, because it instantly relieves. Free trial bottles at W. F. Peter's Drug Store.

TO-NIGHT.

Public Library Benefit. All Seats on First Floor Sold. Reserved Seats in Gallery 15 Cents.

As was predicted beforehand the library benefit to-night will be one of the most successful ever given in the city. A cause in which the public is so interested will always receive their support. The present entertainment has been supported and encouraged by all. The business men have responded to the call by taking advertising space on their program, which is one of the neatest ever published. They have been distributed all over town and the public now knows the young people who have worked so faithfully for this cause. The sale of tickets was one grand rush from start to finish, over 200 were marked off the first day; now there are less than a dozen good seats on the first floor. To make the gallery more attractive the price has been reduced to fifteen cents, with the assurance that the crowd will be thoroughly respectable. The entertainment itself has been witnessed by critics who pronounce it to be the best home talent entertainment given in the city. No efforts have been spared to have the make ups costumes and dress appear first class in every particular. Avail yourself of one of the available seats left, come out and enjoy an evening with our young people. Never mind the weather.

A GOOD LETTER

From the Clerk of the Circuit Court.

FERNANDINA, Fla., Feb. 28, 1896. Mr. J. GEORGE SCHREER, Druggist, City.

Dear George.—Please send for a bottle of Chamberlain's Cough Remedy. I would not feel easy if I knew there was none of this valuable Remedy in the house. I have given it a fair test and consider it one of the very best remedies for croup that I have ever found. One dose has always been sufficient although I use it freely. Any cold my children contract yields very readily to this medicine. I can conscientiously recommend it for croup and colds in children.

Yours Respectfully, Geo. E. WOLFE. Sold by C. W. Milhous, Druggist.

Neval Showing of Easter Hats and Bonnets.

A novel method of presenting the newest and freshest Easter creations of Paris milliners has been adopted by The Ladies Home Journal for March. In that magazine the new French hats and bonnets will be pictured as they are worn. This unique display is useful, therefore, in pointing out clearly not only Fashion's decree, but the styles in headdress best suited to several contrasted types and faces.

A tired stomach is very much like a sprained ankle.

If you suffer from any of the symptoms of dyspepsia, your stomach is tired. It needs a crutch. We must relieve it of all work for a time, or until it is restored to its natural strength. To do this successfully, we must use a food which is already digested outside of the body, and which will aid the digestion of other foods that may be taken with it. Such a product is the Shaker Digestive Cordial. The Shakers have utilized the digestive principles present in plants for the manufacture of this article, and its success has been truly phenomenal. You can try it for the nominal sum of 10 cents, as sample bottles are sold by all druggists at this price.

Laxol is the best medicine for children.

Doctors recommend it in place of Castor Oil.

Lee Rosenbush Dead.

Lee Rosenbush, familiarly known as "Sam the Boss," owner and proprietor of the largest clothing and shoe store in Columbus and one of its foremost business men, died yesterday morning at 11 o'clock at Cincinnati, O., aged thirty-nine years. His remains will be taken to Indianapolis where they will be buried to-day at 2 o'clock. He leaves a wife and five children.

The Fact That Doctors

Frequently advise change of air and climate to those suffering from catarrh is proof that catarrh is a local and climatic disease. Therefore, unless you can leave home and business, you should use Ely's Cream Balm. Applied directly to the seat of the disease, it effects instant relief and a satisfactory cure after short continuance. No mercury nor injurious drug is contained in the Balm.

After the first act of "The Tornado," at Haulin's—and a realistic scene it was one so graphic that it is seldom seen on the local boards—there were many calls of "Author," and in response Lincoln J. Carter, a young man in shirt sleeves stepped before the curtain. He was breathing heavily, and explained his exhaustion by stating that he had been helping to "work up" the storm scene. Then in a few brief remarks he said: "Ladies and gentlemen: Three years ago I was an unknown and penniless actor, and I was given a chance to produce in this theatre my first play "The Fast Mail." You gave me my first start on the road to success and I may say that owing to your kindness I am now financially independent. Hereafter I will consider this house as the home and starting point of whatever dramas I may write.
